

Rock & Republic is synonymous with innovative style, sex appeal, and edgy sophistication. With the notion that everyone deserves to dress like a rock star, here is your guide for determining your body type and finding your ideal Rock & Republic fit.

INVERTED TRIANGLE

Commonly known as the apple shape, Inverted Triangles are larger on top, with shoulders wider than the hips.

HELPFUL HINTS:
Flare leg and bootcuts are most flattering, both helping to create balance at the lower portion of the body. Use your slim hips to your advantage by trying a lower rise jean, such as the Jaguar.

FITS TO FLATTER:

- **ROTH**
Lowrise Flare
- **RAY**
Ultra Lowrise Bootcut
- **VETTER**
Ultra Sexy Mini

FITS TO FLATTER:

- **KURT**
Lowrise Bootcut w/Flaps
- **NIRVANA**
Lowrise Bootcut Utility Back
- **KISS**
Lowrise Bootcut Utility

Without a big difference between the waist and hips, Rectangles are usually waif-like and slim with the tendency for a smaller bottom.

HELPFUL HINTS:
To create the illusion of curves, jeans with flaps on the back pockets can help for a rounder bottom. Jeans with a flare or bootcut can also assist in creating curves.

RECTANGLE

TRIANGLE

This body type, with hips wider than shoulders and round thighs, is known as the classic pear shape.

HELPFUL HINTS:
Boot cut & straight legs are most flattering, the bootcuts creating balance with the hips and the straight cut elongating the legs. Dark colors are especially slimming. Mini skirts are generally not an ideal fit.

FITS TO FLATTER:

- **KISS**
Lowrise Bootcut Utility
- **KASANDRA**
Lowrise Bootcut
- **COSBIE**
Lowrise Straight Leg

FITS TO FLATTER:

- **JAGUAR**
Ultra Lowrise Bootcut
- **HALEN**
Lowrise Slim Bootcut
- **BERLIN**
Cigarette Leg

With proportional upper and lower halves, Hourglasses tend to be curvy with a well-defined waist.

HELPFUL HINTS:
While the Kasandra and Cosbie are always good choices, be adventurous and wear the bold statements. Rock the super skinny leg and the ultra-low rises.

HOURGLASS
